Sumberless tertimodals are being received daily from all quarters, statching for the excellence of this light, a few of which are given below.

KENTUCKY TESTIMONIALS. From His Excellency, Gov. C. S. Murchead and Thon. S. Page' Eq., State Auditor.

To Wm. H. Sertie, Eq., Louisviller, Kr.-Dear Sir. We have been and are using your "Veger Gas," and are perfectly sails field with its unity, It gives a soft, brilliant and beentiful light, and is perfectly secure from explosion. It is very chesp and economical in its use, and of far less cost than any other light. We are sailsfield that it will soon be adopted by all persons who have not the exportunity of obtaining gas, and also to whom gas is accessible and with whom cheapness in the original outlay for fixtures and the continual expense of burning is an object.

Yours, &c.,

Those S Page. Esq., State Auditor.

Louisvitta, Kv., September 5, 1859.

To W. H. Serrita—Dear Sir: After having made a thorough examination of the "Vesper Gas," in relation to its illuminating power, chemical composition, sie., i do not hesitate to recommend its being safer and more commend as well as possessing greater intensity of illumination than any other material now in ura.

In the laboratory it is superior to the sloobel as a means of obtaining heal, and will be found of invaluable service to the druggist as well as to the manufacturing chemist.

CHARLES M. WEIDERT, M. D.,
Prof of Chemistry is its Kentucky School of Medicine.

From Rev. Stuart Robinson. Will Service Englished the "Vesper Gas Lampa," in my study for firme, the experiment of lighting our "Union Tent," with these lamps, I have entire confidence in their efficiency. It seems to me they allored all the advantages of the best gas lights to those the they allored all the advantages of the best gas lights to those who live out of the clicicated large towart.

The process of preparing and lighting the lamp is so readily best peak, and all the light comparatively so little, and the whole so free from all danger, that it need only mere necessary these can the part of the public with the Vesper Gav Lamp to bring them into general use throughout the county.

HOME TESTIMONIALS. From the Roy P S Fall, Nashville.

NASHVILLE, Dec. 12, 1859. may desire a light much more economical than gas-and a same time fully equal to it in illuminating power—this ap ratus will prove a desideratum. I regard this as the most beautiful and most useful inw ar precuring, at a small cost, the advantages of gas light that I are ever seen; at the same time that it is perfectly after and se lamps are simple in construction and managed with case.

Very traty gonrs,

From Mr Alexander Fall, Nashville. MR TROMER H TATION—Dear Sir: I have seen using the Yes ser Giss Lamp, sold by you, sloce September last, and I am per-cetly satisfied that it is one of the most economical, if not, run nosleconomical, as well at brilliant lights that can be had. It atecognica, a worst mestatingly, recommend it to all to the reaction grant of grant and a second control of the control of grant From Scabury & Co., Gas Fitters Nashville

From Scaloury & Co., Gas Fitters Nashville
The Vesper Gas makes a brilliant and beautiful light, that a
chap and periodic and perfectly safe. The construction of the
Vesper Gas Burner and refort, is so perfectly simple, that it cannot get out of order, nor can it explode.

The management of the hurner is easily understood, and requires but little more attention to keep clean and in goal order
than ordinary gas fatures. The light produced by the Vesper
this we consider fully equal, in every respect, to any other kind
of Gas light.

Mesers, T. H. Tayron & Co.;—I have had in use for chous six months just, one of your Veger Gas Lights, and I gives me great pleasure to state, that Tregardit as far superior to any other particle light that I have met with.

Its simplicity of arrangement, freedom from danger of explosion, desalliness, and atendress, and parity of light, six qualities that must reconsidered it to any one who will try it. It gives a light which to me seems be equal in britimery to the ordinary gas light! Very respectfully.
